

I CAN – Plan for Financial Security

**What difference would \$2000 - \$6000 monthly make to your life?
 What would you do with it if . . . it came as extra residual income?
*Eliminate debt? Pay tuition? Have a retirement? Help family or charity?***

If you found there was a program that only required an investment of 6-10 hours a week for 12 months and allowed you to create lifetime residual income,
Would you make the commitment to complete the program?

“I CAN” might be for you, if you answer YES to these questions:

- Would an extra \$2-\$6000 income per month make a difference in your life?
- Do you have 6-10 hours per week to commit to this program?
- Are you willing to make a 12-month commitment and complete the program?
(As you would if you were enrolling in a 1- year college, educational or training program)
- Are you willing to commit to accountability teams both to receive and to give support to your teammates via conference calls?
- Will you commit to finding 1 qualified person per month who will do the same? *(People you may or may not yet know)*
- Do you care about good health and are you willing to purchase and use \$100 of Mannatech’s outstanding products each month? *(Your choice of Products: optimal health, optimal skin care, athletic performance, weight loss and children’s products.)*

By following the specific step-by-step I CAN plan you will:

- Receive guidance and support every step of the way by your support team.
- Grow your income monthly by registering and supporting **ONE** new “I CAN” partner each month who commits to following the same plan.
(see chart for what happens when your team doubles each month)
- Benefit from taking outstanding world-class products supporting optimal health while creating financial security.

Register 1 person /mo who enrolls 1 person per month. . .	
Month	Total #
1	2
2	4
3	8
4	16
5	32
6	64
7	128
8	256
9	512
10	1024
11	2048
12	4096

Notice: The numbers start out small in the first few months; but as you and your teammates each continue to bring in just one person per month, the numbers grow exponentially.

Each person selects their choice of \$100 in products every 28 days. Following the I CAN plan, when your group reaches six people, you begin receiving income that covers the \$100 product purchases.

By the 10th month if you are successfully following the I CAN Program as it has been designed, you could be earning \$6000 per month and increasing...

Average Four Week Income (2005 Mannatech statistics)

Disclaimer: Income earnings are not guarantees or projections of your actual earnings or profits through your participation in the Mannatech Career and Compensation Plan.

Leadership Level	Average Four-Week Income	Minimum # of people buying \$100/BP = volume
Regional Director	\$115 - \$703	15 (15 x \$100 = \$1500 vol.)
National Director	\$459 - \$1,625	60 (60 x \$100 = \$6000 vol.)
Executive Director	\$1,745 - \$4,292	200 (200 x \$100 = \$20,000 vol.)
Presidential Director	\$4,564 - \$11,592	600 (600 x \$100 = \$60,000 vol.)
Bronze Presidential	\$6,154 - \$17,241	800
Silver Presidential	\$9,607 - \$23,426	1200
Gold Presidential	\$16,297 - \$39,200	1800
Platinum Ambassador	\$35,841 - \$119,915	2400

NOTE: A Platinum Ambassador earns a percentage on EVERY ORDER in the whole company!

There is an income range at each level, because some people purchase more than \$100 of product each month. Bonuses also vary depending on the entry level at which people choose to join Mannatech (\$99, \$329 or \$1100). Those who register their contacts at the \$1100 entry level will earn larger amounts and will do so more quickly.

Use the I CAN plan to earn Income from Mannatech's Compensation Plan:

- 'Awarded for Excellence' by the Direct Selling Association
- Generously pays 17 different streams of income - many simultaneously.
- Generates ongoing income based on the excellent, patent protected, consumable and effective products that people order month after month.

After 12 months not only will you achieve financial security but you will have impacted over 4000 other people on the path to financial security. The program is designed for the average, busy person to reach the high-income levels in one year, giving 6 – 10 hours each week. It provides a clear path with predictable results for people willing to create a substantial residual income for life while supporting their health and increasing their quality of life!
